

Health and Well-Being of 2021 DIA Schools Summit Attendees

The 7th Annual DIA Schools Summit is almost here! Be assured that DIA considers the health, safety and well-being of our attendees and especially our host school, St. Cecilia Academy, a top priority.

Many registrants have expressed excitement about meeting in person. DIA leadership also looks forward to the gift of gathering in person while also being sensitive to COVID concerns. The expectation is that all Schools Summit participants strive to be good stewards for our colleagues' health, and will practice safety protocols protecting one another. If you are currently registered for the Summit, or are considering registering, please review the following:

1. Per St. Cecilia Academy's current policy, masks are optional.
2. Hand sanitizer will be readily available.
3. Nearly all meeting spaces can accommodate distancing if an attendee prefers.
4. Please do not attend the conference if experiencing or exhibiting any COVID-19 related symptoms or if recently exposed to a person with a positive and confirmed case of COVID-19 within 14 days preceding the conference.
5. St. Cecilia Academy classes will not be in session on Thursday and Friday, October 21 and 22, during the conference, so few students will be in the building.

Duc In Altum Schools Collaborative will closely monitor all conditions related to COVID-19 between now and the start of the conference and reserve the right to modify health and safety protocols as needed. These are, indeed, uncertain times. If we all do our part, everyone can have a comfortable and enjoyable experience at the 7th Annual DIA Schools Summit. Thanks for your understanding, and we look forward to seeing you in Nashville!
